

Dear parent,

As you might know, the ForældreIntra (ParentIntra) collaborative platform will be phased out and replaced by Aula, effective 1 August 2019. Read more about this at aulainfo.dk.

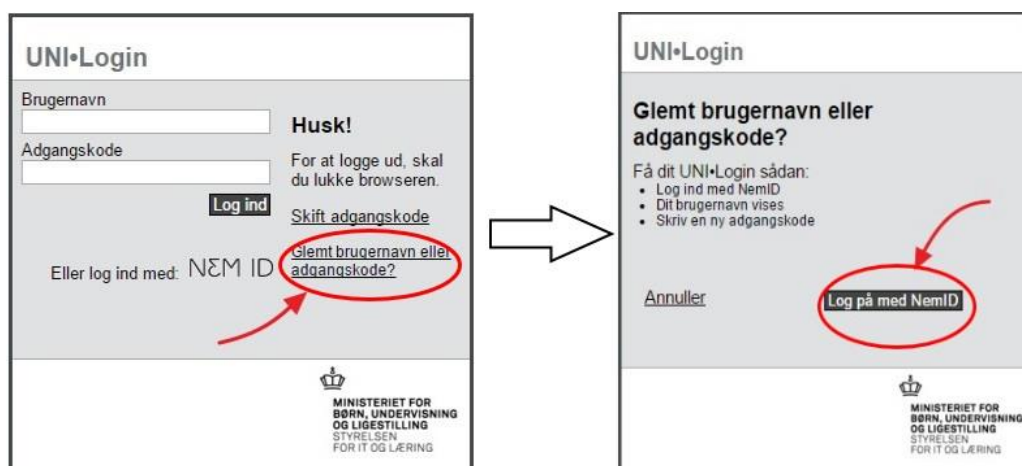

To make this transition as smooth as possible, we want to ensure that you can log in using your UNI-login when we start using Aula after the summer holiday.

Therefore, effective 1 March 2019, you will no longer be able to access ForældreIntra (ParentIntra) using a regular login.

After this time, you will need to use a UNI-login or NemID to log in.

Instructions for activating UNI-login:

1. Important: You will need to use your NemID to activate your UNI-login.
2. Visit login.emu.dk.
3. Click “*Glemt brugernavn eller adgangskode?*” (“Forgot your username or password?”), and then “*Log på med NemID*” (“Log in using NemID”):

4. Log in using your personal NemID:
